

## ELKS WILL GO TO PHILADELPHIA

Large Delegation From the Utah Lodges Will Attend Meeting of Grand Body.

### ROUTE HAS BEEN SELECTED

PARTY WILL ALSO VISIT JAMESTOWN EXPOSITION.

The Salt Lake Elks are making extensive preparations to give Utah a good representation at the grand lodge meeting of the order to be held in Philadelphia this summer. The committee in charge of the excursion, which will be composed of the grand lodge members of No. 85, met yesterday and selected the route which the Elks will take. The Elks will leave Salt Lake July 16 over the Union Pacific to Omaha, thence on the Chicago & North-western to Chicago, whence they will take the New York Central to Philadelphia. Returning, they leave over the New York Central and at Chicago they will transfer to the Santa Fe, and come from Denver to Salt Lake over the Rio Grande. This makes a superb route. It is so arranged that the same ground will not be traveled over twice. It takes in all the principal cities on the way. The excursion tickets will be good until August 15, which will permit the excursionists to go to the Jamestown exposition. A number intend to make this trip.

### Large Number Will Go.

In spite of the distance of the grand lodge meeting from Salt Lake, an exceptionally large number will make the trip. The Elks will have a special train; which will be one of the finest that has ever left the city. Stops will be made at all the big cities along the route and at important places of interest. In Philadelphia the Elks will establish headquarters near the grand lodge headquarters and accommodations will be arranged for the entire Utah delegation. It is possible that Held's band will accompany the delegates. These musicians were taken to Denver last year in addition to the Pluck Boys' band; the music by Salt Lake bands was one of the features of the convention. The convention will be in session from July 15 to July 20.

### In the Spotlight.

With a special train and a large delegation from this state, the Elks intend to put Salt Lake and Utah in the limelight. They will distribute a souvenir folder describing the state and its many resources. Twenty-five thousand of these pamphlets will be printed and many will be used in Philadelphia, but many will be circulated in the cities along the route. The folder will be illustrated and will contain valuable statistics about Utah's growth.

The Elks are also preparing for the annual purple day in the sections of the same elaborate scale that the other purple days have been. It will be one of the big days of the season. All the proceeds will go on the advertising fund.

## WEST SIDERS INDIGNANT

In a Red Hot Letter Citizens Declare They Have Been Cheated Out of Their Rights by City Council.

Residents of the west side whose property and health have been damaged or affected by the filthy conditions that prevail in the sections of the city in which City creek has overflowed are becoming more and more angry as the days go by and conditions do not improve.

Yesterday a citizen who subscribes himself "One of the Sufferers" sent a letter to The Herald, in which he declares money appropriated for the improvements on the west side of the city has gone astray and takes a number of the city fathers to task for their alleged neglect of the west side.

The letter is as follows: "I, the undersigned, would be pleased if the people on the east side of Main street would go for a drive or a street car ride to the west side of the city to see the destruction, filth and condition of not only City creek by its overflow of water and its seepage, but the sufferings of the people and the inconveniences they are placed under in the second and third precincts. This is caused first, by incompetent city engineers; second, lack of experience, and third, the niggard way in which appropriations are made for improvements which are necessary for the west and northwestern parts of our city. At present I wish to write more particularly on the overflow of City creek. In the first place, we have had no high water this year; in fact, we have not had anything above the usual amount that we have any other year, but the conditions are different.

"City creek flume was built sixteen years ago and it has become its purpose fairly well up to the present time. The cause of the overflow of water results from the laterals or irrigation ditches running out from City creek in the canyon being closed up. As the timber rotted away the flume has been patched up at different times, but always on the inside and not on the outside. In many places there have been timbers nailed on the inside of the flume to hold the planks in place, as well as across the top and bottom to hold it in place. In other places there have been timbers nailed on each side of the flume as well as timbers placed on the bottom to keep it from caving in, thus making it a foot narrower, a foot shallower, and I understand that eighteen inches was cut off the top this spring, making it not over two-thirds the size it originally was.

"When the water commenced to overflow the banks the street supervisor was immediately on the ground with as many men as he could get, at 2 and 3 o'clock in the morning, trying to

## Nervous Indigestion

The action of digestion is controlled by nerves leading to the stomach. When they are weak, the stomach is deprived of its energy. It has no power to do its work. If you want permanent relief, you must restore this energy. Dr. Miles' Nervine restores nervous energy, and gives the organs power to perform their functions.

"For many years I was an acute sufferer from nervous indigestion; at times I was so despondent life seemed almost a burden. I tried all kinds of remedies and various physicians with little or no relief, until one night last summer I saw Dr. Miles' Nervine and heart cure advertised. I resolved to make one more trial which I did in the purchase of one bottle of Nervine. I began to feel better, which encouraged me so much that I continued the medicine until I had taken more than a dozen bottles. I am very much improved in every way; in body, mind and spirits since I made a special point to recommend the medicine, and I feel a sincere pleasure in knowing that other persons have been benefited through my recommendations."

Dr. Miles' Nervine is sold by your druggist. If it fails, he will refund your money. Miles Medical Co., Elkhart, Ind.

make embankments to protect the property. During the day the water raised so fast that large breaks were made in the embankments and the workmen said it was impossible to do any more and wanted to let it go, but "Jake Raleigh," as he is called, threw himself into the breach, and by his heroic efforts ultimately saved the city the expense of perhaps \$100,000.

The Herald editorial of May 29 asks: "Did Jake Raleigh ever do any work? I answer from my own knowledge, 'yes.' He stayed on the ground during the high flood and for four nights he never took off his clothes, slept at intervals on the floors or anywhere he could rest so as to be close and watch the men who were clearing up the debris so that the residents suffer as little as possible. We, on the west side, pay our taxes and we pay double the amount proportionately to the value of our property as the people do on the east side. We are poor people, of the working class, and the assessor knows what each individual owns and he is taxed to the full extent of his value. The money is taken to build boulevards, gardens and buy electric chandeliers to beautify the east side of the city. The greatest portion of our city council are fighting for franchises for the corporations that try for the best, but they never fight for roads, bridges, drainage or canals. Our ditches are not kept clean or open. Our canals are not filled up at the mouth because there is not sufficient money allowed for the west side. Jordan river at the mouth has to make a new channel every year. All the filth and debris which is washed into it comes down through the second and third precincts and no effort at dredging or building opening at the mouth of it has ever been made. Certainly there is fall enough, as the lake has receded two or three miles from its high water mark. Some time ago the council appropriated \$15,000 to prevent this catastrophe which the people have endured and, as far as the writer can find out, the money went to 'where the woodbine twined.' We are the tail end and cesspool of our city. We have to take the garbage, sewerage, as well as all the surplus water, without any representation in the city council, and our taxes are taken from us for improvements elsewhere. You gentlemen of the council, the Blacks, the Mulveys, the Davises, the Wells, and the Fernstroms, will understand some day that the people will arise and not only petition, but demand that a different course of action shall be pursued for the western portion of the city.

"We do not want City creek running through our precincts. Take it away and let it run down Main street where the channel used to be. We do not want your garbage crematory. Take it away and put it up at Fort Douglas. Neither do we want your gravity sewer toward which the people of Salt Lake paid taxes sixteen years ago, for the city council promised that a gravity sewer should be built for the west end of the city in the course of two or three years. The promise has never been kept, at least in our locality. I admit that the American party promised at the last election, if they were elected they would give us plenty of water; they have given us plenty and more than enough, which reminds me of the negro preacher who was requested to pray to the Lord for rain during a dry season. He continued his prayerful application until it commenced to rain and came down in torrents when, running under shelter, he exclaimed: 'Oh, Lord, I prayed for you for rain, but I only wanted a shower and you have sent a deluge.' Respectfully, 'One of the Sufferers.'"

## FRANK FAY EDDY LEADS

Famous Hebrew Poet Is Hailed as "Prophet of Democracy" by Unitarian Pastor.

### TAUGHT LESSON OF LOVE

GOSPEL OF CONTENTMENT PREACHED.

At the services of the First Unitarian society yesterday, Rev. Frank Fay Eddy preached on "Walt Whitman—Prophet of Democracy." The musical program included the usual anthem and a contralto solo by Mrs. Zillah Smith.

The introductory part of Mr. Eddy's address was biographical. These details of his life were followed by an estimate of the poet and an exposition of his message to his loved America. "Whitman was intensely egotistic," said Mr. Eddy, "but this was in part the natural result of the role of poetic messenger which he assumed. He felt that he was the self-chosen but none the less divinely-chosen interpreter of the soul of democracy. Once his mission became clear to him, he never wavered in serving it. He was consequently quite as much of a prophet and probably quite as great a prophet as any of the Hebrew race. No prophet was ever truer to his divine commission."

An Appeal for Unity. "His message to democracy was on one side an appeal for unity; for a consciousness of participation in the larger life of the race. He himself teaches this in his poems which show him incarnating himself in the toil of the steamboat hands, the engine-drivers and the teamsters as well as in the play of the children and in the calm content of the housewife with her family about her. Do your work in the consciousness of the larger life is one side of his message."

"The other part of his message is the personal side of this participation. It is comradeship or love. In loving fellowship we must do our part, small or great. Otherwise we labor for sorrow and vanity. 'Hail to the great interpreter of the soul of democracy.' Your vision may be but a prophet's dream, but in the realization of that dream depends all genuine greatness; only in the terms of that vision can the soul of democracy abide in flesh and blood."

### SECRET SOCIETIES.

Modern Woodmen of America.

Excelsior camp had a record attendance last Monday evening. Several visiting neighbors were present. The Monday day exercises were held yesterday morning, and were very successfully carried out. The degree team is almost ready to give exhibition drills. The team boys gave a ball on Wednesday, June 5, to help pay for their uniforms. The dance will take place at the Redmen hall on South State street. There will be a meeting this evening at 8 o'clock, and members are requested to be present. Captain McGuire wishes all team members to be present in uniform.

Knights of Columbus.

The Knights of Columbus will hold their regular meeting Tuesday evening at the K. of C. temple in the Jennings block.

Fraternity Brotherhood.

Sego Lily lodge No. 232, Fraternity Brotherhood, will hold its regular session on Wednesday, June 5, at 8:15 p. m. Several initiations are promised. Election of officers for ensuing term.

Woodmen of the World.

Salt Lake camp No. 53, W. O. W., held its regular meeting Tuesday evening and elected the following officers: Council commander, Charles Laubley; adviser, Lieutenant Richard Benson; Ray Don; watchman, N. Sweetman; sentry, W. Johnson. Three new choppers were taken into camp and six applications were received. We had some very good advice from Boss Chopper Short and some very good music by the new orchestra. On next Tuesday evening will be a big meeting to prepare for Memorial day parade.

G. A. R.

McKean post No. 1 holds its next regular meeting on Saturday evening, June 8.

W. R. C.

George R. Maxwell W. R. C. will hold its next regular meeting Wednesday afternoon at 2:30. Every member is requested to be present, as there will be an election of an officer.

The James B. McKean W. R. C. will hold its next social with Mrs. Ward, at the home of Mr. Heath, in Liberty park, on Thursday afternoon, June 6.

Sons of Veterans.

P. E. Connor camp, Sons of Veterans, will meet next Friday evening at the I. O. O. F. hall. The charter and camp packet are expected to arrive early in the week and arrangements will be made relative to the formal mustering in of the camp.

I. O. O. F.

Salt Lake lodge No. 2 is gradually working its way to its old position at the head of Utah lodges. Last Friday there were four candidates for the initiatory degree.

At a special meeting of Golden Rule No. 2 on last Monday, there were eight candidates to receive the degree. They will be given the last degree tomorrow night. The semi-annual election will also be held at this meeting.

Quirrh lodge No. 1 had two candidates on last Tuesday for the patriarchal degree.

Canton Colfax No. 1, Patriarchs Militant, will visit Murray lodge No. 35 in a body tonight in full dress uniform. The members will gather at the hall at 7 o'clock in the evening, and be prepared to take the 7:45 car for Murray.

Ladies of Rebekah.

The Past Noble Grand club will be entertained next Thursday by Mrs. Morris at the home of her daughter, Mrs. H. S. Cohen, 165 Second street, at which time the semi-annual election of officers will be held.

Improved Order of Red Men.

Washakie tribe No. 4 had a good attendance at its last council. Several applications for membership were received and referred for investigation. The adoption degree was conferred on one new face. Nominations for the various chief-taincies were made, the election to take place this evening. The adoption and warriors' degrees will also be given.

Maccabees.

Lillian Hollister have No. 15 will hold a review of the review, June 4. The ladies and Knights of the Maccabees will give a joint card party June 4. A special feature of the evening's entertainment will be a fancy drill given by twenty-four little girls.

Tent No. 12 will meet in regular review Wednesday evening, at which time the election of officers for the ensuing six months will take place.

Banner Hive No. 11, L. O. T. M., will hold regular review Tuesday afternoon, June 4, at 2:30 o'clock in I. O. O. F. hall. The ladies are urged to be present to

# KIDNEY DISEASES CAUSE ONE-THIRD OF THE TOTAL DEATHS.

When the Kidneys fail to perform their functions properly by not straining out the poisonous waste matter from the blood as it passes through them, the poisons are carried by the circulation to every part of the body, deranging the different organs. This causes heart trouble, stomach trouble, sluggish liver and a host of other ills, all due to deranged Kidneys.

## FOLEY'S KIDNEY CURE

corrects irregularities and cures Kidney and Bladder diseases in every form, tones up the whole system, and the diseases that have resulted from disordered Kidneys disappear, because the cause has been removed. Commence taking FOLEY'S KIDNEY CURE at the first sign of danger. Do not risk having Bright's Disease or Diabetes.

### CURED OF BRIGHT'S DISEASE.

Mr. Robert G. Burke, Elnora, Saratoga Co., N. Y., writes:—I am glad to have an opportunity of telling what magnificent results I have had from using FOLEY'S KIDNEY CURE after having tried other advertised medicines and several physicians. Before I began I had to get up from 12 to 20 times each night to relieve my bladder. I was all bloated up with dropsy and my eyesight was so impaired that I could scarcely see one of my family across the room. In fact, I was so badly used up that I had given up hope of living when I was urged by a friend to try FOLEY'S KIDNEY CURE. One 50-cent bottle worked wonders, and before I had taken the third bottle the superfluous flesh had gone, as well as all other symptoms of Kidney trouble. My friends were surprised that I was cured, as they all thought I was going to die. Every few days some one comes from miles away to learn the name of the wonderful medicine that cured me of Bright's Disease, and not one that has tried it has failed to be benefited.

Two Sizes, 50 Cents and \$1.00.
